

apartment for sale Chamberí-Almagro, Madrid Capital

Real States not welcome.

Very bright apartment, located in Chamberí, between Santa Engracia with José Abascal, all the advantages of a main street without the noise and inconveniences. It gathers a lot of light, a perfect distribution to adapt to all kinds of needs and the best of locations.

Its features include its good distribution, which allows an optimal use of the inner space: 18 square meter living room with inverter air conditioning and electric fireplace. 8 square meter kitchen with pantry and and small trunk. Bedroom with three-section built-in wardrobe. Large suite-style bathroom with hydromassage shower. Very well insulated thanks to the thickness of the walls and the Climalit windows. Stoneware floor. Broadband installed. Possibility of integrating natural gas, since the building has pre-installation.

The building has elevator and stair lifts in the portal for wheelchairs or baby carriages. Physical counselor and video intercom. ITE of the building up to date. Very well connected (5 underground stations within 300 meters, numerous urban buses, very good communication with A6, A2 and Paseo de la Castellana). Better to arrange a visit."
