## apartment for sale Freixeiro, Vigo

Furnished apartment in ave. Castrelos, spacious and bright with parking and storage room. It is a completely renovated building. Pipes, facades, elevators, roof, entrance and boilers were changed. Nearby we can find terraces, restaurants, pharmacies, supermarkets, pastry shops and endless shops. In summer, you can enjoy the performances in the park's amphitheater and the kids in the playground that is a few meters away. The area is well served by buses that lead to other areas of Vigo.

The apartment has three bedrooms, two full and spacious bathrooms, kitchen and living room. One of the rooms is suite type. It also includes a large storage room with a height of more than two meters throughout the surface and a good parking space for an average car. From the garage you go up by elevator to the floor.

The floor of the bedrooms and living room is made of French oak, a superior quality, more than one centimeter thick.

The price of the apartment includes most of the furniture as well as part of the books and some paintings. It is in very good condition and is freshly painted. New curtains throughout the apartment and it is left with sheets and covers from Zara home and a good batch of towels, all almost brand new. Appliances have a year except the oven. I have not changed it because it works very well. The Ikea sofa is new, it has a new cover identical to the one it still has inside its packaging. The dining table is for eight people as it can be extended. Cold water, hot water (without meter) and heating (without meter) are included in the community price.
