

## country house for sale Val De San Lorenzo, Astorga

I am selling a rustic property in the Val de San Lorenzo, 7 km from the A6 and Astorga. On a plot of about 2,050 meters where there are also several buildings.

The fully restored main house of about 350 meters consists of 5 bedrooms, 2 bathrooms, kitchen, living room, dining room and gallery. The rest of the buildings are partially restored but the roofs of the entire property were made new in 2006. About 700 meters in total approx.

The original materials of this historic house of more than 200 years have been preserved as much as possible to leave the character and flavor of old houses.

On the ground floor of the house there are more rooms and a cellar.

The other buildings are located when you enter the property through the main door. Upon entering you access an interior patio with two rooms of about 40 meters on each side.

Everything is also connected to two gardens with fruit trees and two working wells.

There are two large warehouses that are also accessed through the side door where the garage is and another patio where several cars can fit.
