

country house for sale Yecla, Altiplano

Attached country house with authentic rustic spirit, surprisingly spacious on the inside, offering approximately 125 years of history. Solid, thick stone walls and a sound roof provide a reliable structure. Traditional features include exposed wooden beams, stone pillars, and a large fireplace, creating a warm and characterful atmosphere. The property comprises a two-floor living unit, a patio with storage and a water deposit, rooms for animals, and a large garage, offering plenty of potential for various uses. The house is not currently habitable and requires renovation, presenting an opportunity to design and restore a unique countryside home while preserving its original charm. The walls remain structurally sound. The seminal part of the property are its lands: it features over 22 ha of rich agricultural land, divided into several parcels, all within a walking distance from the house. There is 3.5 ha of vineyard in production, the rest is currently fallow. All parcels have irrigation water connection and water rights, ensuring a stable agricultural venture. Ideal for growing olives, almonds, vine, peaches, apricots, cherries, pears, pistachios, vegetable, or for cattle, sheep, or horse pastures. Furthermore, the lands are buildable, offering an interesting development/investment opportunity, and a self-sufficient lifestyle. Located just 10 km, 10 minutes from town, in a peaceful and tranquil countryside setting with open surroundings. Contact us for a commented walkthrough video. We offer more lands in the same area, and also the adjacent country house. Contact us for more info!
