

house for sale Friol, Lugo

Completely renovated stone rural house on the Camino Norte de Santiago, just 13 km from the urban center of Friol, 33 km from Lugo, 64 km from Coruña airport and 76 km from Santiago de Compostela airport.

The house, completely renovated in 1997, has an area of 130 square meters distributed over two floors. It houses three bedrooms and two bathrooms. The upper floor has access to a typical, very sunny Galician balcony with unobstructed views of the property and the idyllic surroundings, in full connection with nature. From the ground floor you can access the enormous terrace, with a porch that shelters the barbecue and outdoor dining area, with tables for a large number of guests.

It has propane gas heating, with a tank located in the back of the house.

In the 2000 square meter farm there are different areas. A children's playground with a house slide, pool, basket and goals. Another dedicated to a garden with flowers and other plants. A chicken coop with a closed area so that the chickens can roam freely. Finally, on the other side of the paved track, the garage for one car and a practical storage room, also made of stone and decorated with the arrows of the road.

A beautiful house in an ideal environment to live in communion with nature, which can also be dedicated to business given its location on the Camino Norte, which is increasingly gaining more followers among those seeking peace on their journey. You will fall in love!
