

house for sale Lluçmajor, Lluçmajor

Set on a 1.6-hectare plot in the rural area of Lluçmajor, this newly built finca blends outdoor space, privacy, and an authentic Mediterranean setting. Its location, with direct contact with nature and access via a private path bordered by wild vegetation, ensures tranquillity and visual seclusion.~~The main house, currently in the advanced stages of construction, features a design with clean lines, a sloped roof, and neutral exterior finishes that harmonize with the landscape. The interior is nearing completion, allowing the future owner to customize certain final details. The layout has been designed for functionality and seamless connection to outdoor areas.~~At the front of the house, a rectangular swimming pool is under construction, positioned to make the most of the open views. It is complemented by a planned solarium area, perfect for leisure use.~~One of the standout features of this estate is its suitability for equestrian use. On one side of the property, there is a fenced paddock and a covered stable built with solid structure and a traditional roof, enabling organised livestock activity separate from the residential space.~~The rest of the land retains its natural character, with low vegetation, scattered trees, and wide open margins, offering the new owner the freedom to develop landscaped gardens, orchards, or recreational areas according to their preferences.~~A spacious paved terrace of over 70 m2 partially surrounds the house, connecting indoor and outdoor spaces and offering a versatile area for social or family gatherings. The size of the plot also allows for easy vehicle circulation within the property.~~Thanks to its layout, orientation, and outdoor facilities, this property is a unique opportunity for those seeking a private rural setting with potential for residential, equestrian, or leisure use – in a newly built finca that still allows for tailored interior finishes.
