

house for sale Pite, Santiago

Charming 285 m² home for sale on a 3,191 m² plot, perfect for enjoying a natural setting. The house features 4 bedrooms, a spacious living room with a loft, a fully equipped kitchen, and fiber-optic internet connection. Water supply options include access to a spring, a private borehole, and connection to the municipal network.

The property boasts a large pond that doubles as a natural swimming pool, fed by surplus spring water, as well as a decorative pond with fish, frogs, and a fountain that adds a serene touch to the garden. Under the shade of fruit trees—kiwis, chestnuts, and figs, all in production—you'll find a large granite table, ideal for outdoor gatherings.

The old stables have been restored and adjoin the house. They include a traditional lareira (stone hearth), a wine press, a wood storage area for the French fireplace, and a bathroom with a laundry room.

An adjacent, buildable plot with a separate entrance is also included, prepared for an organic garden with irrigation and equipped with a storage/garage space for farming tools and sanitation facilities. This plot features fruit trees such as apple, cherry, pear, and plum trees, as well as a poplar grove with access to the public spring.

The property has a private access road leading to both the main house and the entrance track, ensuring complete privacy.
