This renovated two-story farmhouse offers a perfect blend of rustic charm and modern amenities, providing a tranquil escape on an extensive property of 95,000m². The ground floor features a cozy kitchen-dining area with a fireplace, a bathroom with a shower, and efficient radiant heating powered by a gas boiler connected to a 1000kl gas tank. Upstairs, three spacious double bedrooms feature built-in wardrobes and share a well-equipped bathroom.

The property also includes two separate 30m² buildings, each with the potential to be converted into apartments, increasing its versatility. Water needs are met through a private well that generously produces 7000m³ per year. Outdoor amenities are abundant, with a barbecue area, pergola, and inviting swimming pool. The entire property is fenced, ensuring privacy and security.

Located amidst picturesque terraces adorned with olive and almond trees, the farmhouse is conveniently just 1 km from La Useras, a quaint village offering essential amenities such as restaurants, a pharmacy, and two small supermarkets. For convenient travel, Castellón Airport is only 30 km away, while the golden beaches of Oropesa are 35 km away, providing a charming combination of countryside living and coastal allure.
