

house for sale Vimbodí, Conca De Barberà

INVERSIONES GRUP REAL ESTATE BOUTIQUE presents this rural house from 1870 for sale, one kilometer from the Poblet Monastery, on a rustic plot of land used for agricultural purposes of approximately 450,000 m2.~~In a bucolic setting, we find this stately home with several annexes in need of complete renovation. It measures approximately 700 m2, divided into several rooms and two floors plus a porch and a turret.~~Currently, the living area with a kitchen, dining room, and living rooms is located on the ground floor, with the bedrooms on the upper floor.~Noteworthy is the access to the house through a large courtyard with a fountain and a chapel.~Adjacent is a large open-plan warehouse, and next to this is the current guardhouse.~The house has oil-fired central heating and tiled floors.~~There are also two more buildings around the pool, approximately 220 m2, that are completely in need of reconstruction.~~Its large plot of lush forests, vineyards, an orchard, and fruit trees (almonds, olives, figs, and persimmons) allow for a variety of crops, and above all, the abundant water available through a mine and several reservoirs is noteworthy.~~A unique opportunity due to its location and possibilities, this house and its plot could be ideal for hospitality, English summer, a retreat center, a spiritual retreat, or a treehouse project or chalet.~~It requires a significant investment, but it undoubtedly guarantees a good economic return due to its location, the presence of water on the plot, and the square meters of usable living space, in addition to the charm and diversity of the plot.~~If you would like more information or a visit, please contact Davide at (please use the form to respond) .
