

parking space for sale Torrevieja, Baix Segura

If you live or vacation in the area, you know that finding a parking spot without the hassle is a luxury, but having an enclosed 18 m2 garage takes it to the next level. It's not just a parking space; it's that extra space that always comes in handy. ~~Why you'll love this space: Real capacity: With 18 m2, you have plenty of room for a large car (like an SUV) and still have space left over for a motorcycle, bicycles, or paddleboards.~~Your own private storage room: Being enclosed and independent, it works wonderfully as a small storage unit. It's the perfect place to keep everything you don't want in the house, with the peace of mind that your belongings are protected and out of sight.~~No more stressful parking: Forget about impossible maneuvers. The building's hallways are spacious, and the access ramp is very convenient, something you'll appreciate every time you enter or exit.~~Well-maintained and ventilated: It has its own interior lighting and a ventilation system that keeps the space airy, preventing dampness and odors—vital if you're going to store delicate items.~~An investment that pays for itself: Having a garage in a busy area not only saves you a daily headache but also increases the value of any property you own nearby.~~If it's for you: You'll gain in quality of life and the peace of mind of knowing your car is safe from the sun and salt air.~~If it's as an investment: These types of enclosed spaces are highly sought after for rent, both by neighbors who need a storage unit and by those looking for security for their vehicle.~~It's a spacious, clean, and very practical space. If you're looking for a place to store your summer toys, protect your car, or simply have extra storage in a prime location, you have to come and see it.~~Would you like me to give you the exact measurements, or would you prefer we stop by for a moment to take a look? Write to me and we'll arrange it.
