penthouse for sale Macael, Valle Del Almanzora

SeaSunViews in partnership with Dhomesolutions is offering this amazing 88m2 three bed penthouse apartment, including a terrace with stunning views overlooking the town of Macael and its mountains.

Description

The apartment is in good condition and ready to move in right now if you wish. Currently, there is a master bedroom, double bedroom and additional single bedroom/study room, a well sized bathroom, independent kitchen, living space and a spectacular terrace which also has additional storage/utility space. All of the rooms are external, therefore, ventilation and natural lighting are granted.

As mentioned, the apartment is ready to move in, but, what about making it your dream house? Our team of architects have seen the potential of the penthouse and are proposing a different layout, combining living space and kitchen in a one large combined single space with 40m2 approx. In addition, an external canopy will also benefit the use of the great outdoor space, creating a very attractive area for a traditional Spanish “al fresco” dining.

Location

The apartment is located at the heart of Macael, a vibrant picturesque town well known for being one of the main producers of marble around the world, or, how they call it, the “White Gold”. This traditional Spanish village is also full of history and culture, hosting Phoenicians, Romans and Arabs in the past 25 centuries. If you are more a beach goer, don't panic, you will be only 42 miles away of the magnificent coastal town of Mojacar, which I am sure you already know about.

Thanks to the apartment's superb location, you will find yourself a stone's throw away from supermarkets, bustling bars and restaurants (worthy to mention the very well known “Restaurante la Marmita”), sports club, markets, etc.

Further details

- Built in 1996

- 4th floor (the building has lift)
