!! IDEAL FOR INVESTORS LOOKING FOR PROFITABILITY !!!~~!!! IN AN EXPANSION AREA OF THE URBAN CORE AND WITH ALMOST EVERYTHING READY TO START !!!~~In 2008, a project was presented to build 73 homes approved by the Architects' Association.~~Its renewal and adaptation to current regulations would need to be studied.~~This sector is already included in the General Urban Planning Plan of 1985 as Urban Land under an Interior Reform Plan.~~The development of the same is straightforward since the connections for electricity, water, sewage, etc. have been developed over the years.~~Compatible uses include both Residential and Tertiary, although there is a shortage of housing supply.~~This town is located 5 km from Elda - Petrer, which has access to the Madrid-Alicante motorway as well as the Murcia-Valencia motorway.~~Currently, the Alicante Airport and the AVE have generated a tourism and business boom in local urbanism.~~There is demand for housing from countries all over the European Union as well as from the Rest of the World.~~There are more and more clients from Poland, Germany, the Netherlands, Belgium, England, Russia, England, etc
