## plot for sale O Piñeiral, Ourense

Tired of looking for a plot where you can build now and earn money?

My plot has 3,378 m<sup>2</sup>; It is in the Piñeiral de Arriba area (San Cibrao das Viñas) 2.5 kilometers from Ourense capital and finally you can build semi-detached houses or isolated houses with a maximum of 2 heights with an excellent buildable area. You can start building NOW!

I am selling it for € 28. the m<sup>2</sup>. A fair price with which you will get a good profit. Your benefit will be greater or less depending on what you decide to build within what the Law allows.

I don't think there is any better terrain than this in the province of Ourense. There may be some better located in the interior (for example, in the heart of the Ribeira Sacra, candidate to be a UNESCO World Heritage Site); but not as profitable as mine.

Imagine how you would feel if you could extend your view, breathe cleaner air, be able to see the whole city and see the sun rise, it would be quite a spectacle !!!

Can you imagine being able to go to your place of work, to the supermarket, to take your children to school, to take the hot springs, in just 10 minutes. by car ??

Wouldn't you like to be able to go to the beach, to the mountains, to the heart of the Ribeira Sacra, some weekends, just 40 mn. ??

Imagine being able to combine life in the country, but at the same time, close to the city.
