

terraced house for sale Oria, Valle Del Almanzora

Looking for a massive project with huge potential? This property may just be exactly what you are looking for!~~An immense two-storey detached house that has been partially completed and is currently in a habitable condition, offering incredible space inside thanks to its over 400 m2 build size, a charming garden and views of the countryside nearby, especially from the huge roof solarium, situated right on the outskirts of the village of Oria, meaning it is easily within walking distance of the amenities within the village, including small supermarkets, bars, restaurants, shops, banks, medical facilities and more.~~The property has separate access to each floor (as well as an internal staircase), meaning that the house can easily be split in two and allow for separate accommodation on the ground floor and upper floor, making it great as a B&B or similar style property, or even to simply rent out half of the house on a long-term basis. Around the back of the property is a private garden area that is completely fenced.~~The ground floor is in more of a complete condition than the upper floor. Although work is required on both floors, the ground floor is habitable and currently is made up of a large room being used as a living-dining room with kitchen, another huge room that wraps around the staircase that could be divided into further rooms, a handy toilet under the stairs, a bedroom and bathroom, and a further area which could be kept as a further annex with two more rooms, a bathroom and a bedroom.~~The upper floor could easily have 3/4 bedrooms, a kitchen, a dining room, a lounge, and two bathrooms. However, if you wanted to have one large property, all 7 rooms could be bedrooms, or non-supporting walls could be removed to make even larger rooms. Since this space is unfinished, things could be easily moved around and configured to your needs.~~For further information about this property or to arrange a viewing, please contact us.
