

terraced house for sale Ses Salines, Sud

This 1950 townhouse with a large garden is for sale for renovation.~At the moment the ground floor is occupied and offers 2 bedrooms, living-dining room, a bathroom, a large kitchen and a garage. The upper floor is still unfinished and can be divided according to your own taste.~It has about 350 m2 of built area and almost 700 m2 of land, of which about 360 m2 is urban.~As the back part is rustic land, it is not possible to build there, thus preserving the unobstructed view of Cabrera.~In the garden there are several trees like palms and a huge araucaria tree~It offers a lot of possibilities for renovation. For example, most of the walls are made of thick marés stone, which can be preserved and thus maintain the typical Mallorcan style.~
