

villa for sale Puerto De La Cruz, Zona Norte

Unique opportunity to acquire an old Mansion in the heart of Puerto de la Cruz. Declared BIC, this mansion needs a complete reconstruction, given that it completely burned down a few years ago. The photos show a possible reconstruction study. The plot has about 16,000m² and is urban, which also allows the construction of residential homes. From the entire plot and the house there are impressive views over Puerto de la Cruz and the sea. We have several urban plots and similar properties. Consult us for more detail.
