villa for sale San Eugenio, Zona Sur

Detached single-family home in a private development.

Elegant example of rationalist architecture in the Canary Islands, with a practical layout and generous spaces. The elegant design of the illuminated curved staircase with paving stones stands out.

Well-kept garden with excellent specimens.

Very good condition of the construction. PVC exterior carpentry.

The house is organized on the ground floor with a large independent kitchen and a 30 square meter living-dining room with two French doors that lead to a covered porch with a barbecue area. A full bathroom and a bedroom complete the ground floor. Outside and with double access from the entrance patio and from the garden, there is a guest room with its own full bathroom.

On the first floor, two large bedrooms with access to a terrace and built-in wardrobes, and a large shared bathroom.

The house is located in an exclusive complex with a beautiful and quiet communal pool that is accessed directly from the garden of the house.
